Construction Industry Council North West Regional Annual Dinner, Friday 15th June 2007

to be held in conjunction with ConstructionSkills

The North West of England is one of the UK's most vibrant and challenging regions.

With major construction developments taking place across the North West region it has become increasingly vital for your business to be 'in the know'. The CIC North West Regional Annual Dinner is an ideal opportunity for your company to network and engage with other people within the construction industry.

As well as being informative the evening promises to be fun and entertaining. Guest after-dinner speaker Brian Newbold who is well known on the circuit as "The Man from the Coal Board", will share many of his hilarious anecdotes including outrageous tales from his time working for the Coal Board. Live music and dancing will ensure that the evening will be one of the most enjoyable in your events calendar.
